Another Step: Youth Homeless Working Group added, but we are still missing a piece…
2018-2019 100-Day Challenge to End Youth Homelessness
Putting Together a Team

4 Sponsors: CoC, School District, Affordable Housing Advocacy Organization, and LBGTQ Youth Agency

19 Team Members: Including Four Youth
Our Miami-Dade County 100 DC Goal

By Day 100, every 14-24 year old who enters through Coordinated Entry will be off the street within 2 days of entry and 85 exits to safe, stable housing. 50 of the 14-24 year old youth entering through CE are connected to training, education, or employment (subsidized or unsubsidized) and 5 youth identified as needing behavioral health are connected to care.
LESSONS: What worked? Why?

1. **Active and engaged sponsors.**
   • CoC and system leaders coming together to address barriers by openly communicating.

2. **Youth leadership development.**
   • Youth were empowered to engage and provide feedback to system changes.

3. **Strengthening partnerships between system leaders.**
   • CoC and sponsors brought in system leaders and got buy-in to address youth homelessness.

4. **New ideas and addressing gaps.**
   • Team members from non-CoC youth providers brought new energy and different perspectives to address gaps.

5. **Youth accessing shelter within the same day.**
   • Youth were able to access shelter by going to the Youth Access Points.
Our Miami-Dade County 100 DC Results

In 100 days, ...

- 120 youth were off the street within 1 day of entry and placed in shelter
- 19 youth who left shelter went to safe, stable housing
- 52 youth connected to training, education, or employment
- 20 youth needing behavioral health services were connected to care
Key Accomplishments

• Four youth actively involved in 100-Day Challenge team
  • Youth engaging other youth to go into shelter (some were involved in the youth point-in-time iCount count as Youth Ambassadors)
• New youth access points (not part of the Continuum of Care) now successfully part of the Youth Coordinated Entry System
• After-hour placements and points of contacts at the major shelters
• New partnership with our WIOA board/CareerSource South Florida – created an employment pipeline for youth on the by-name list
• Open lines of communications between the larger systems
• Using HMIS! Understanding how to use it and how to overcome barriers
